

CML Microcircuits (UK) Ltd.

THE CML QUALITY POLICY

MQS Q1.1

OUR VISION

The first-choice semiconductor partner to technology innovators, together transforming how the world communicates.

OUR VALUES

- Trust
- Respect
- Commitment
- Creativity

CML is committed to conducting our operations with a strong focus on quality, ensuring that we meet our customers' expectations for defect-free products that are fit for their intended use. We prioritize excellence at every stage of our processes to consistently deliver the highest standards and maintain customer satisfaction.

CML will systematically evaluate compliance with the ISO 9001:2015 requirements that guide the design, manufacture, and supply of our products. This assessment ensures that we consistently meet our customers' expectations and maintain high standards at every stage.

CML is committed to continuously improving the effectiveness of our Quality Management System and the quality of our products and services. We recognize environmental considerations that align with our customers' needs and our business interests, ensuring our policies reflect our dedication to quality and sustainability.

All employees at CML are encouraged to recognize the significance of their individual contributions in helping the company achieve its objectives. Each team member plays a vital role in our commitment to quality and excellence.

M. McCabe
